10 TaxGuru Moves the IRS Hopes You Don’t Take

LEARN IT. LAYER IT. LIVE FREE.

✅ **Reclassify Everyday Spending into Business Deductions** Convert personal-looking expenses into legitimate business deductions.	✅ **Use Accountable Plans to Reimburse Yourself Tax-Free** Reimburse your home office, internet, and cell phone expenses without generating taxable income.
✅ **Layer In the Augusta Rule (IRC 8280A(g))** Rent your home to your business for up to 14 days per year tax-free.	✅ **Leverage Retirement Tax Shelters (Correctly)** Use SEP-IRAs, Solo 401(k)s, and backdoor Roths to reduce your tax burden.
✅ **Elect S Corporation Status at the Right Time** Split income into reasonable salary and profit distributions to avoid self-employment taxes.	✅ **Write Off Family Labor — the Right Way** Deduct payments made to your children for legitimate work performed.
✅ **Use Cost Segregation & Bonus Depreciation** Front-load depreciation on real estate to reduce taxable income.	✅ **Separate Legal Entities to Create “Layered” Deductibility** Use LLCs, holding companies, or C Corporations alongside your main business for strategic tax advantages.
✅ **Build and Fund an Irrevocable Trust** Remove assets from your estate to maintain strategic control and asset protection.	✅ **<u>Bonus:</u> Use Qualified Charitable Distributions (QCDs)** Make tax-free donations directly from IRAs to qualified charities if you're age 70½ or older.

Need help implementing any of the strategies above?
